Citron®

COLLECTION 2026

Made by mums, inspired by kids

About us

The **Citron 2026 Collection** marks a bold new chapter—one defined by vibrant colors, imaginative storytelling, and forward-thinking design. This year, we pushed boundaries to create a range that feels fresh, joyful, and full of character, all while delivering the premium quality families know and trust.

Our new signature prints—**Dino, Mermaid, Gaming, and Glow**—bring personality to life in playful, expressive ways. Dino ignites adventure, Mermaid offers dreamy magic, Gaming radiates energetic fun, and Glow introduces a striking, modern twist. Each design reflects a child's unique spirit, helping them feel seen, confident, and celebrated.

Paired with a palette of bold, expressive colors, every product—from lunchboxes to backpacks to water bottles—becomes its own statement piece. The collection is louder, braver, and more playful than ever, yet still unmistakably Citron in its thoughtful craftsmanship.

The 2026 Collection is more than an update—**it's a Glow Up**. Rooted in imagination, innovation, and joy, it brings a renewed sense of excitement to everyday moments. We can't wait to see these designs brighten the lives of families around the world.
